

ERIE COUNTY CONSERVATION DISTRICT
at HEADWATERS PARK
Presents:

The Mobile Agriculture Education Science Lab

Join Erie County Conservation District and The PA Friends of Ag Foundation for the return of the Mobile Ag Ed Science Lab to Headwaters Park!

Agriculture is Pennsylvania's leading industry, however many of today's students do not make the connection between agriculture and the food on their table.

With support from numerous local environmental education organizations, we will utilize the 70-acre outdoor classroom at Headwaters Park to explore not only agriculture but also ecology, environmental science, and much more!

2008 participants quoted this event as:

"An excellent educational experience!"

"From the standards viewpoint, this program was spot-on!"

- PDE standard aligned curriculum
- Supported by PA Dept. of Agriculture
- Hands-on science experiments
- Menu of curriculum choices customized by schools

May 10-14, 2010

Grades 1st-7th

\$7 per student

Please call (814) 825-6403 to reserve a spot for your class!

Hurry-Space is Limited!

Sponsored in part by the PA Department of Environmental Protection
